

# 269 LEE Heat Shield

[View on leefilters.com](http://leefilters.com) / [Find a Dealer](#)

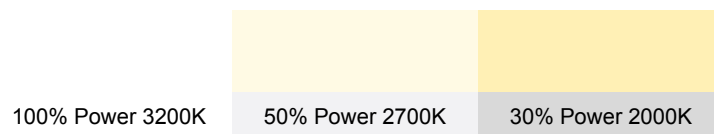

A transparent flexible film used to extend the life of filter. The shield should be placed between the light source and the filter, allowing distance between the shield and the filter.

|                | Source C<br>6774K | Tungsten<br>3200K |
|----------------|-------------------|-------------------|
