

Q-MAX | LED Downlight 12W

12W
700lm

CREE LED Chip

One of the highest-quality, most efficient and most resilient LED chips available ensures consistent and pleasant luminous efficacy.

Voltage: 220-240V AC
Colour Temperature: 3,000K and 4,000K
Colour: Neutral to Daylight White
Colour Rendering Index: >85
Life Time: >35,000 h
Lumen Maintenance: No loss
Heat Sink: Aluminium

International Protection Code: **IP20**

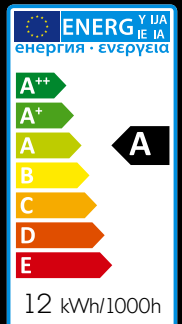

Product No.: 22281 (3,000K/25D)
Product No.: 22282 (3,000K/40D)

Product No.: 22283 (4,000K/25D)
Product No.: 22284 (4,000K/30D)
Product No.: 22285 (4,000K/40D)

Dimmable on recommended dimmers and transformers

Application Area

Ideal for fade-resistant lighting in fashion stores, car dealerships and many other retail businesses.
