

Maxos fusion

LL600Z BC L1040 WH

Maxos fusion Acc., White

Maxos fusion is an adaptable LED trunking system that offers an excellent quality of light while more than halving energy costs compared to fluorescent lamps. For retail applications, a family of linear panels, non-linear modules and a spot portfolio can be smoothly integrated into the track backbone to let your merchandise sparkle and stand out. For industrial applications, the focus is on reducing installation and maintenance cost by using fewer linear panels. With the electrical set-up of up to 13 wires, the freedom to position these fixtures as required and the integration of other services/third-party hardware, the system allows you to reduce ceiling clutter. It can also be easily re-configured to accommodate future lay-out changes. The infrastructure is enabled to integrate sensors for data collection, giving you the opportunity to use insightful granular information to support your business.

Product data

General Information		Material	
Accessory color	White	Polycarbonate	
Product family code	LL600Z [Maxos fusion Acc.]	Approval and Application	
Value ladder	Specification	Mech. impact protection code	IK00 [No protection]
Operating and Electrical		Protection class IEC	-
Line Frequency	- Hz	Product Data	
Input Voltage	- V	Full product code	871869698948799
Mechanical and Housing		Order product name	LL600Z BC L1040 WH
Overall length	1,040 mm	Order code	910925864957
Overall width	60 mm	Numerator - Quantity Per Pack	1
Overall height	8.5 mm	Numerator - Packs per outer box	32
Dimensions (Height x Width x Depth)	9 x 60 x 1040 mm	Material Nr. (12NC)	910925864957
		Full product name	LL600Z BC L1040 WH
