

Maxos fusion

LL500Z SW2 L1250

Maxos fusion Acc., Steel

Maxos fusion is an adaptable LED trunking system that offers an excellent quality of light while more than halving energy costs compared to fluorescent lamps. For retail applications, a family of linear panels, non-linear modules and a spot portfolio can be smoothly integrated into the track backbone to let your merchandise sparkle and stand out. For industrial applications, the focus is on reducing installation and maintenance cost by using fewer linear panels. With the electrical set-up of up to 13 wires, the freedom to position these fixtures as required and the integration of other services/third-party hardware, the system allows you to reduce ceiling clutter. It can also be easily re-configured to accommodate future lay-out changes. The infrastructure is enabled to integrate sensors for data collection, giving you the opportunity to use insightful granular information to support your business.

Product data

Operating and Electrical		Material	
Line Frequency	- Hz	Steel	
Input Voltage	- V		
General Information		Approval and Application	
Accessory color	Steel	Mech. impact protection code	IK00 [No protection]
Product family code	LL500Z [Maxos fusion Acc.]	Protection class IEC	-
Value ladder	Specification	Product Data	
Mechanical and Housing		Full product code	871869637476499
Overall length	180 mm	Order product name	LL500Z SW2 L1250
Overall width	120 mm	Order code	910925864252
Overall height	10 mm	Numerator - Quantity Per Pack	1
Dimensions (Height x Width x Depth)	10 x 120 x 180 mm	Numerator - Packs per outer box	30
		Material Nr. (12NC)	910925864252
		Full product name	LL500Z SW2 L1250
