

Maxos fusion

LL500Z BC L2300 SI

Maxos fusion Acc., Silver

Maxos fusion is an adaptable LED trunking system that offers an excellent quality of light while more than halving energy costs compared to fluorescent lamps. For retail applications, a family of linear panels, non-linear modules and a spot portfolio can be smoothly integrated into the track backbone to let your merchandise sparkle and stand out. For industrial applications, the focus is on reducing installation and maintenance cost by using fewer linear panels. With the electrical set-up of up to 13 wires, the freedom to position these fixtures as required and the integration of other services/third-party hardware, the system allows you to reduce ceiling clutter. It can also be easily re-configured to accommodate future lay-out changes. The infrastructure is enabled to integrate sensors for data collection, giving you the opportunity to use insightful granular information to support your business.

Product data

Operating and Electrical	
Line Frequency	- Hz
Input Voltage	- V
General Information	
Accessory color	Silver
Product family code	LL500Z [Maxos fusion Acc.]
Value ladder	Specification
Mechanical and Housing	
Overall length	2,275 mm
Overall width	60 mm
Overall height	8.5 mm
Dimensions (Height x Width x Depth)	9 x 60 x 2275 mm

Material	Polycarbonate
Approval and Application	
Mech. impact protection code	IK00 [No protection]
Protection class IEC	-
Product Data	
Full product code	871869638355100
Order product name	LL500Z BC L2300 SI
Order code	910925864237
Numerator - Quantity Per Pack	1
Numerator - Packs per outer box	1
Material Nr. (12NC)	910925864237
Full product name	LL500Z BC L2300 SI
