

Maxos fusion

LL523T 4x2.5 +8x1.5 Gen2 BK

Maxos fusion Rail

Maxos fusion is an adaptable LED trunking system that offers an excellent quality of light while more than halving energy costs compared to fluorescent lamps. For retail applications, a family of linear panels, non-linear modules and a spot portfolio can be smoothly integrated into the track backbone to let your merchandise sparkle and stand out. For industrial applications, the focus is on reducing installation and maintenance cost by using fewer linear panels. With the electrical set-up of up to 13 wires, the freedom to position these fixtures as required and the integration of other services/third-party hardware, the system allows you to reduce ceiling clutter. It can also be easily re-configured to accommodate future lay-out changes. The infrastructure is enabled to integrate sensors for data collection, giving you the opportunity to use insightful granular information to support your business.

Product data

Operating and Electrical		Approval and Application	
Line Frequency	50 to 60 Hz	Ingress protection code	IP20 [Finger-protected]
Input Voltage	220 to 240 V	Mech. impact protection code	IK02 [0.2 J standard]
General Information		Protection class IEC	Safety class I
CE mark	CE mark	Product Data	
Angle	-	Full product code	872016942531699
Accessory color	Black	Order product name	LL523T 4x2.5 +8x1.5 Gen2 BK
Product family code	LL523T [Maxos fusion Rail]	Order code	910925869426
Value ladder	Specification	Numerator - Quantity Per Pack	1
Mechanical and Housing			
Overall length	2.276 mm		
Overall width	62 mm		

Maxos fusion

Numerator - Packs per outer box	10
Material Nr. (12NC)	910925869426
Full product name	LL523T 4x2.5 +8x1.5 Gen2 BK
