

BL368 UV-A T8 LED

T8 LED UV-A 18" 4.0W 230V TOUGHCOAT

0001687

- Product features**
- Sylvania T8 LED UV-A tubes in 18" and 24" for flykilling applications • Easy and safe replacement for fluorescent tubes without any rewiring required • LED upgrade for installations with CCG/ magnetic fluorescent ballasts using a LED replacement starter (supplied) • Suitable for direct mains operation • Approx. 75% energy saving vs fluorescent originals • Flycatch rate inline with Sylvania Fluo T8 after 180 mins\* • Special frosted glass tube does not block UV or degrade in transmission over life • Acid etched glass delivers optimal beam distribution to maximise insect attraction • Optimised UV spectrum to maximise insect attraction • UV-A LED chip with peak emission at 370nm

PRODUCT OVERVIEW

|                            |                                     |
|----------------------------|-------------------------------------|
| Product name               | T8 LED UV-A 18" 4.0W 230V TOUGHCOAT |
| Technology                 | LED                                 |
| Lamp shape                 | Tube, double-ended                  |
| Cap/Base                   | G13                                 |
| Lamp finish                | Frosted/Coated                      |
| Fixture rating             | Open                                |
| General application        | SPG                                 |
| Warranty                   | 2 years                             |
| Light colour               | BL368 Blacklight                    |
| Photobiological Risk Group | RG0                                 |
| Dimmable                   | No                                  |
| Product EAN number         | 5410288016870                       |
