

PowerBalance gen2

RC463B 34S/940 SRD W62L62 VPC U4

PowerBalance gen2, 25 W, 620x620 mm, VPC, 3400 lm, 4000 K, CRI≥90, Wireless, Interact Ready, UGR16, U4

When it comes to lighting office spaces with LED luminaires, businesses are willing to invest in sustainability, provided they get a payback on their investment. At the same time, the system should comply with office lighting norms to ensure a comfortable working environment. Philips PowerBalance Gen2 is our most energyefficient, office-compliant LED luminaire. Designed for circularity and enhanced wellbeing, this office luminaire also promises future-proof connectivity. State-ofthe-art efficacy (at CRI >90), upgradability features, a long lifetime, repairability, and design for recyclability make PowerBalance Gen2 a true 'green choice'. One that also delivers significantly lower operational costs to ensure an attractive payback that meets the needs of businesses and the specification market. The Gen2 architecture in the latest PowerBalance range has enabled us to create a range of highly-versatile modular and semi-modular luminaires. These LED luminaires can be easily mounted in ceilings with an exposed T-bar or concealed T-bar, as well as plaster ceilings and bandraster-type ceilings. PowerBalance is a solution with superior lighting specifications combined with a best-in-class connectivity designed for Circularity & enhanced Wellbeing using Interact Pro - all with a sustainable approach to high-performance office lighting.

Warnings and Safety

- The product is IP20 and, as such, is not protected against water ingress. Therefore we strongly recommend that the environment in which the luminaire is to be installed should be suitably checked
- If the advice above is not taken and the luminaires are subject to water ingress, Philips / Signify cannot guarantee safe failure and the product warranty will become void

PowerBalance gen2

General Information		Mechanical and Housing	
Light source replaceable	No	Housing Material	Steel
Number of gear units	1 unit	Reflector material	Polycarbonate
Driver included	Yes	Optic material	Polycarbonate
Service tag	Yes	Optical cover material	Polycarbonate
Lighting Technology	LED	Fixation material	-
Value ladder	Specification	Housing Color	White RAL 9003
Serviceability class	Class B, luminaire is equipped with some	Optical cover finish	Opal
	serviceable parts (when applicable): driver,	Reflector Finish	White reflector
	control units, surge protection device, front	Overall length	622 mm
	cover and mechanical parts	Overall width	622 mm
Warranty period	5 years	Overall height	82 mm
Sustainability rating	Lighting for circularity Lighting for	Dimensions (Height x Width x Depth)	82 x 622 x 622 mm
	wellbeing	Compatible ceiling or ceiling installation	Visible profile ceiling version
		accessory type	
Light Technical		Optical finish	Opal
Luminous Flux	3,400 lm	Ingress protection code	IP20/40 [Finger-protected, Emitting
Saturated Red (R9)	>50		surface]
Correlated Color Temperature (Nom)	4000 K	Mech. impact protection code	IK03 [0.35 J reinforced]
Luminous Efficacy (rated) (Nom)	139 lm/W	Explosion hazard class	-
Color rendering index (CRI)	≥90	Mounting	Recessed
Beam angle of light source	120 degree(s)	Net Weight (Piece)	4.900 kg
Light source color	940 neutral white		
Optic type	Wide beam office compliant	Emergency Operation	
Luminaire light beam spread	86°	Central Emergency	No
Unified glare rating CEN	16	Emergency lighting	-
Operating and Electrical		Approval and Application	
Operating and Electrical Line Frequency	50 to 60 Hz	Approval and Application Glow-wire test	Temperature 650 °C, duration 30 s
