## Brilliant **ADVANTAGES**

Whether in retail or office buildings, LED luminaires are increasingly replacing conventional lighting systems and offer numerous advantages:

- High-quality light without warm-up time
- Choice of different beam angles
- Fast tool-free replacement of trims and beam angles
- Wide color temperature spectrum available (2,700K - 4,000K)
- Housing available in different colors
- High energy efficiency
- High compatibility with most commercially available halogen transformers
- Long service life ensures effective, low-maintenance illumination
- Best light constancy with little or no loss of luminous flux
- Highest color rendering for natural colors
- Cardanic suspension for maximum flexibility in product illumination
- Optimized thermal properties for a long service life
- Quality from Germany
