

Expiring product list and order form Have you already prepared?!

Philips has discontinued the production of many theatre spotlights!

But there is no need to panic: you won't have to scrap your spotlights! We are one of the very few wholesalers to still offer many of these lamp types in large quantities for stocking!

In addition, we also stock suitable replacement lamps from other manufacturers.

Even better: As a result of storage acquisition we also offer a large amount of lamp-“exotics“.

On the following pages you will find the complete list of all discontinued products of PHILIPS, such as – if available – suitable replacement lamps from other manufacturers.

Order your reserve right here in our Online-order form. Your order will automatically reach us per Email. You only need to fill in your contact-data and press send.

Alternatively you can send your order per Fax, Email or contact us by phone:
