

- UV-Clean: 2 in 1 UV-C purification and filtration with replaceable filter and dual speed fan
- UV-Chic: Sleek, stylish and discreet design with a silver aluminium finish
- UV-Clever: The automatic off function preserves battery life while the smart hidden lamp design makes the AirZing UV-Compact Pro suitable for use around people and pets, when safety guidelines are followed
- UV-Confidence: UV-C disinfection technology is proven to destroy up to 99.9% of viruses, bacteria, spores, mould, and other harmful microorganisms
- UV-Certified: Quality OSRAM product tested and certified
- UV-Care: Enhance your cleaning routine to reduce the risk of viral and bacterial contamination
- UV-Convenient: This small, rechargeable battery powered device fits easily inside a handbag and most car cup holders for maximum portability
- UV-Clean environments: Ideal for use at home, in the car, at work, or any indoor space when used in close proximity
- UV-Coronavirus tested: Tests have shown UV-C light to be effective in neutralising SARS-CoV-2 (COVID-19)

# Light is protecting

## AirZing™ UV-Compact Pro

UV-Confidence  
Powerful air purifier for your car and on the go

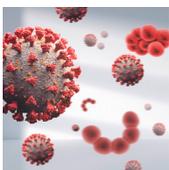

Light is OSRAM

**OSRAM**

### Technical parameters

<b>Part Number</b>	AM381190055
<b>Product Dimension</b>	Ø 70 x 260 mm
<b>Item Weight</b>	0,55 kg
<b>Color</b>	Grey and Black
<b>Material</b>	Aluminum and ABS
<b>Power Source</b>	USB-C
<b>Wattage</b>	13 W
<b>Number of Fan Speed</b>	2
<b>Recommended Room Size</b>	up to 3 m <sup>3</sup>
<b>Air Volume</b>	14 m <sup>3</sup> / h
<b>Sound Level</b>	Max. 38 dBA at highest fan speed
<b>Item Package Quantity</b>	1
<b>Included Components</b>	AirZing™ Compact Pro Air Purifier for air disinfection, USB Cable max 5 A length: 1m
<b>Filter Included</b>	HEPA H11-Filter
<b>Lifetime Filter</b>	500 hrs
<b>Lamp Included</b>	1x OSRAM PURITEC® HNS® 7W 2G7
<b>Lifetime Lamp</b>	8.000 hrs
<b>Light Source Replaceable</b>	Yes
<b>Battery Cell Type</b>	Lithium 18650 2x 3350 mAh
<b>Batteries Included</b>	Yes
<b>Battery Life</b>	Up to 1,5 hours 2,5 hours when fully charged and while charging @ 5 V / 1 A 3,5 hours when fully charged and while charging @ 5 V / 2 A 4 hours when fully charged and while charging @ 5 V / 3 A
<b>Battery Charging Time</b>	3 hours at 5 V / 2 A, 5 hours at 5 V / 1 A
<b>Manufacturer's Warranty</b>	2 years

### Focus features

UV-C light is an easy and effective way to eliminate up to 99.9% of viruses, bacteria, and other harmful microorganisms.

Tests have shown that the AirZing™ UV- Compact Family is effective in neutralising SARS-CoV-2 (COVID-19).

An intelligent user interface located on top of the device combined with premium quality aluminium casing gives the AirZing™ UV-Compact Pro a truly elegant look.

Safety is extremely important since exposure to UV-C light is harmful to all living things, including people and pets.

Contaminated air enters via air inlets on the side where it passes through UV-C light before being circulated back into the room.

The AirZing™ UV-Compact Pro is a complete air purification solution. Its filtration system removes larger particles such as dust and pollen while UV-C light neutralises microorganisms. This dual functionality is beneficial for people who suffer from allergies or respiratory problems.

### Application areas

With a purification radius of up to 1m (depending on the flow of air in the room) the AirZing™ UV-Compact Pro is ideal for use at home, in the car, at work, or any indoor space—when placed in close proximity. This rechargeable battery powered device includes two type C USB charging ports located at the top and bottom for convenient charging in any setting. It also fits easily inside a handbag and most car cup holders.
